

Why Choose MGNS?

For almost 60 years, Monona Grove Nursery School has provided early childhood education for kids on Madison's east side and the surrounding communities. While times have changed, our core principles remain the same.

- We believe **children learn best through play**. Our teachers provide materials – and our schedule provides time – for kids to explore their own interests, while also gently encouraging them to try new things, to play with new friends, and to expand their world. **And we go outside every day!**
- As a parent co-op, we believe that **parents and teachers are partners** in the education of young people. Plus, having a parent in the classroom each day means both teachers can concentrate on the kids 100% of the time.
- We believe **children are capable**. We teach independence, self-help skills, and social-emotional skills.
- We believe **children benefit from being in a community of learners**. We focus on sharing, communicating, and working cooperatively with friends.

Compare apples to apples! If you are considering another preschool too, please know that MGNS is:

- ✓ **Rated 5 Stars** by Youngstar
- ✓ **Accredited** by the City of Madison
- ✓ **Licensed** by the State of Wisconsin
- ✓ An off-site **MMSD 4K program**
(which can make for a seamless transition to 4K!)
